

New Employee Onboarding Workflow

A comprehensive approach to integrating new hires.

Welcome to Your
Onboarding
Journey!

Objective

Standardise the onboarding experience for new hires to ensure they have the necessary resources, access, and training to be productive within their first two weeks.

Step 1: Pre-Onboarding (Before Day 1)

- HR creates an employee profile in the HRIS.
- IT prepares hardware (laptop, phone, security tokens).
- Manager submits role-specific access requests (Google Workspace, Slack, CRM, ClickUp).
- Automated welcome email sent with Day 1 agenda and key resources.

Key Actions for Onboarding

HR - Prepare Paperwork

Ensure all necessary documents are ready for a smooth onboarding experience.

IT - Set Up Accounts

Create email and system accounts to facilitate new hire access from day one.

Step 2: Day 1 Orientation

- HR delivers a company overview presentation.
- New hire signs mandatory compliance forms.
- IT conducts security briefing (password policies, MFA setup, acceptable use guidelines).
- Buddy assignment introduced (peer mentor).

Main Activities in Onboarding

Welcome Meeting

This is where new hires are introduced to the company culture.

Office Tour

New employees will explore the office and meet their colleagues.

Step 3: Role-Specific Training (Days 2-10)

- Manager reviews job responsibilities and expectations.
- Access to role-specific SOPs and training modules.
- Completion of at least one small project/task with manager oversight.
- Daily check-ins during the first week, then 2x weekly thereafter.

Training and Check-Ins Overview

Job-Specific Tasks

Focus on practical skills to enhance performance and productivity in the role.

Weekly Progress Reviews

Regular check-ins help ensure alignment with goals and provide necessary support.

Step 4: Evaluation & Feedback (Days 10–14)

- Manager reviews progress using an onboarding checklist.
- Employee provides feedback on the onboarding process (form or survey).
- Adjustments made to onboarding materials for continuous improvement.

Review Process Overview

Performance Evaluation

Regular assessments ensure employees meet their goals and expectations.

Feedback Sessions

Open dialogue enhances communication and fosters employee growth and development.

Deliverables and Standards

- Onboarding checklist (version-controlled in ClickUp).
- SOPs for HR, IT, and managers, linked to a central Onboarding Knowledge Hub in Google Docs.
- Metrics tracked: completion rates, time-to-productivity, and employee satisfaction scores.

Onboarding Checklist Essentials

Key documentation and metrics ensure smooth transitions.
